

## TCM Forklift Part

TCM Forklift Part - Forklift trucks are a major player in the material handling field of every global trade. Transporting industrial goods happens every day on our hectic planet. Primarily innovated as industrial vehicles during the 1930s in America, lift trucks gained popularity following WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread worldwide.

In nineteen forty nine, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply called TCM Corporation. Throughout the years, TCM forklifts have become an international leader in lift truck manufacturing and have built a solid reputation in the business. TCM started constructing forklift manufacturing sites outside of Japan in the 1980s and is now engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly manufactures numerous models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products recognized and used all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
