

## Concrete Hoppers

Concrete Hopper - This particular attachment is a self-dumping hopper which automatically activates to unload as bumper release touches the side of a dumpster. As soon as unloading is finished, the hopper returns to an upright and locked position. This piece of equipment also comes together with a cable which enables operation from the seat of the lift truck so as to have the alternative of manually unloading the hopper. There is a locking chain provided so as to secure the hopper to the fork truck. This particular product is constructed with consistent and reliable robotic welds for maximum strength. The forklift dumping hopper also has a blue powder coat finish to maintain durability.
